

Vanity Tops

Material makeup: Solid Surface - 100% Acrylic resin & Alumina Trihydrate blend. ½" Sheet material is purchased from premium brands and is custom fabricated-to-order into vanity tops & other matching components (windowsills, half wall caps, and more). Quality meets or exceeds all relevant industry standards.

Backsplash: Included with your order by default. 4" height is the standard for all splashes, custom requests allowed.

Faucet Hole Options:

- None
- Single center hole only
- Three holes spread 4" apart (very common)
- Three holes spread 8" apart

Color Options:

- *4 Solid Colors:* White, Biscuit, Almond, Grey. Same material as pieces & thresholds. Corian & HI-MACS brands.
- *8 Marble/Granite Colors:* These come from the Majestic Collection of Domain Industries.

Deck Edge Thickness: 1"

Deck Edge Profile: 1/8" Roundover

Deck Sizes:

- Depth: 17" minimum. No maximum.
- Length: 20" minimum. 110" Maximum.

Finish: Renewable matte finish only. We do not polish to a glossy finish.

Cleaning: Any common non-abrasive bathroom cleaner will work. *Non-porous, sanitary surface.*

Bowl Colors: White or Biscuit.

Bowl Attachment:

- We offer popular KOHLER porcelain bowls.
- We install undermount clips on the underside of the vanity deck based on where you want the bowl. We then test fit the bowl and make sure it will look flawless when attached. We then unclip the bowl and place it in a separate box which will ship together with the deck on the same skid. It is less fragile to ship this way. You will then reattach the bowl in moments with no measuring or tooling. Just add silicone and clip the two components together.
- Optionally we can ship you the vanity top minus the bowl. You can then purchase the same KOHLER bowls locally (saving you money and shipping costs). We can fabricate the bowl and outfit it with bowl clips so you can simply pop in your locally purchased bowl in seconds.

Bowl Types And When They Can Be Used:

Type	Formal Name	What Vanity Depth Does It Fit?
Round	KOHLER Caxton 2210	21" and up
Round	KOHLER Caxton 2209	17" and up
Rectangle	KOHLER Caxton 20000	21" and up.
